Current Responsibility

Susan Pantely is a principal and consulting actuary in the San Francisco office of Milliman. Susan rejoined Milliman in 2002. She previously worked for the New York office of Milliman from 1988 through 1999.

Professional Work Experience

Susan provides actuarial and consulting services to a broad range of clients, including Blue Cross/Blue Shield plans, HMOs, commercial insurers, government agencies, and healthcare providers. Her work includes rate development, provider contract review, reserve certification, capitation development, Medicare risk feasibility studies, HMO start-ups, HMO due diligence, and development of risk sharing and reimbursement arrangements for physician groups, PHOs, ACOs, and other integrated delivery systems.

In addition, Susan has extensive experience with the valuation, financial analysis, and projection of healthcare services for several state public health insurance (Medicaid) programs.

Prior to rejoining Milliman, Susan worked at Andersen LLP and Ernst & Young, LLP.
